

# ENVELOPE BOOK

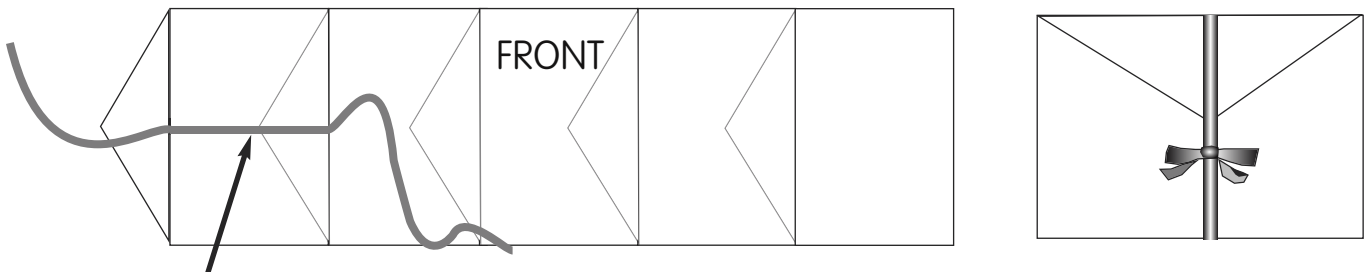

This book can be made with 3 to 7 envelopes.

1. Glue the envelopes to each other by placing glue on the inside flap of one envelope and sticking it to the FRONT of the next envelope. Make sure you cover the entire flap with glue.

2. Fold the pages accordion style. Make the flap of the first envelope the cover of your book.

3. Use white glue to fasten a ribbon to the outside of the top envelope. Use the ribbon to tie the folded book together.
